

At Disability Rights Nebraska, we are committed to inclusivity and meaningful engagement of people with disabilities. Our strategic plan for Fiscal Years 2024-2028 sharpens our emphasis on three focus areas: Freedom from Harm, Most Inclusive Settings, and Engaging People with Disabilities in Advocacy.

We strive to involve people with disabilities in all aspects of our work, whether as participants, trainers, or personal experts on their life experiences. We challenge other organizations and policy-setting groups to similarly engage people with disabilities in meaningful roles.

We value your input on our focus areas for Fiscal Year 2025. Please take a few minutes to complete our survey by July 27, 2024. Your feedback is essential to us.
