Preparedness, Response, Recovery: The First Step is Listening

www.acl.gov

The Administration for Community Living wants to hear and learn from people with disabilities, and your families and caregivers, about your experiences with emergencies or disaster situations. We want to learn how you plan, respond, and recover from these challenging situations. Listening Sessions will help us to understand how we can improve our support, training, and technical assistance in times when emergencies and disasters hit our nation.

Date: Sunday, November 17, 2019

Time: 1:00 PM – 3:00 PM, CT

Location: Columbus Community Hospital, 4600 38th Street, Columbus, NE 68602

Event Description: People with disabilities, family members and caregivers will participate in a group discussion where questions in the areas of preparedness, evaluation, response and recovery will be asked one at a time by a facilitator and answered one at a time by the participants
