

Nebraska Inclusive Education Lay Advocacy Program presents...

Special Education Advocacy: An Informational Event

Presented by Pat Cottingham and Mindy Baird

Concerned that your family and your child could be better served?

Not sure how to ask for and receive the supports you need for your child?

Want more information on how you can effectively advocate for your child?

Vision is the communication of the future hopes for our children.
Advocacy is the roadmap for successfully reaching that destination.

Join us for a discussion of how families are using **vision** to **advocate** for the most appropriate supports for their children. At these Advocacy Information Sessions, we will:

...**Discuss** advocacy strategies

...**Explore** vision as a strategy to help you advocate

...**Learn** about what Disability Rights Nebraska can do to help you

Register for one of the these three dates to reserve your spot:

TUESDAY

November 17
2:00 PM - 3:30 PM
(Mountain Time)
